PORT SECURITY INFORMATION BULLETIN (PSIB) 08-11

Oct 26, 2011

DECREASE TO MARSEC LEVEL ONE

As of 2:00 p.m. on October 26, 2011, the COTP has decreased the MARSEC Level from MARSEC Level Two to MARSEC Level One for all MTSA regulated vessels and facilities in the ports of Jacksonville and Canaveral, FL.

Reflecting on this three day exercise, I would like to personally thank all of the participants who took time out of their busy schedule to exercise the Area Maritime Security Plan and the associated vessel and facility plans. These exercises give us the opportunity to collectively gather, establish goals, shape resources, and execute a cohesive plan to mitigate potential threats. This exercise was a success, and we all learned valuable lessons for continued improvement.

Questions regarding this PSIB should be directed to LCDR Robert S. Butts, (904) 564-7563.
